

DESIGN, FUNCTIONALITY, PERFORMANCE

EVOK is a modern representation of the Italian icon Elektra. The ideal choice for baristas and operators who seek ease of use, high quality extraction through preinfusion, milk automation options, and monitor performance via telemetry. All presented in timeless Italian style.

Compact design, touchscreen, tall groups, LED lights and eco-mode make the Elektra EVOK even more attractive.

Style and performance: the new centrepiece of your coffee business.
